

## GROWTH OF A GREAT WORK

Tuberculosis Campaign Spends \$22,500,000 in 1915 as  
Against \$5,000,000 in 1905.

Figures indicating the growth of the anti-tuberculosis campaign in the United States show that in the year 1905 about \$5,000,000 was spent in this movement while during the year 1915 over \$22,500,000 was spent. These figures are part of the annual statistical statement of The National Association for the Study and Prevention of Tuberculosis published today. The statement is based in part on actual reports received from anti-tuberculosis agencies throughout the country and in part on estimates made by the Association.

In 1905 probably less than \$100,000 was spent for anti-tuberculosis work other than the care of tuberculosis patients in a few poorly equipped sanatoria and hospitals. In 1915 over 1,400 anti-tuberculosis associations spent nearly \$1,225,000 in organization and education. Special tuberculosis dispensaries, of which there are 450, spent over \$1,150,000 in examining, advertising and treating patients. Open air schools, of which there were none in 1905, spent more than \$350,000 in teaching and treating anemic and tuberculosis children,

while nearly \$750,000 was spent in the care of tuberculosis in prisons, sanatoria and hospitals for the care of consumptives, nearly 600 of them, spent \$19,250,000. Much of this sum was contributed by private pay-patients, but the greater part, over 12,000,000, was paid by federal, state, city and county boards for free treatment.

As an indication of the way in which the burden of the care of consumptives is being shifted to the public's shoulders, where it rightly belongs, the National Association points out that in 1905, as nearly as can be estimated, less than 25 per cent. of the total expenditure of \$5,000,000 for tuberculosis was from public funds, while in 1915, nearly 65 per cent. or \$14,500,000 was from this source.

New York state again leads the states with the largest total expenditure of nearly \$5,000,000, with Pennsylvania second, and Illinois third. The following table shows the relative public and private expenditures in each of the five leading states:

EXPENDITURES IN 1915.

State.	Public.	Private.	Total.
New York.....	\$3,193,415	\$1,751,096	\$4,944,511
Pennsylvania.....	2,172,711	534,722	2,707,433
Illinois.....	1,558,644	902,314	2,460,958
Massachusetts.....	1,349,033	357,510	1,706,543
Colorado.....	97,500	\$82,760	\$180,260

Rev. Powell will preach at 10:45 a. m. on "How a Religious Couple Lost Christ at a Revival." At 7 p. m. he will preach on "Nebuchadnezzar's Dream, and how it's meaning bears on modern history according to Daniel's Interpretation."

New members will be received at both morning and evening service. Sunday will be the first Lord's day

in the New Year, 1916, and every member should make an extra effort to attend the Sabbath services, as a prophecy of the New Year's resolutions. It would be a great thing for some of our people to turn over a new leaf in the matter of church attendance for the New Year. A hint to the wise is sufficient!

## Be Courteous.

The Hooper State Automobile Association has started the slogan "Courtesy First." It argues that courtesy first means safety first. The association has issued a leaflet of rules of courtesy. Summarized there are: "Think of the golden rule and you have it."

These rules apply to all motorists. They commend themselves for their good sense. The rules are:

First, do not hog the middle of the street. Give the other fellow room to go by and when he attempts to pass you do not speed up and perhaps crowd him into a safety zone. Be courteous.

When a fellow comes in from a side street give him room to turn the corner; do not crowd. When you park behind another car, remember he may wish to leave before you do. Give him room to get out; don't crowd. When you expect to stop or turn do not keep your intentions secret; think of the fellow behind. Be courteous.

Do not dodge in and around cars in line of traffic. Remember they were there first, and have just as great a desire to get through as you have. Be courteous.

Do not presume too much when you have the right of way. Perhaps the other fellow does not know it. Be courteous.

Do not cut in front of a street car. Remember the motorman is human and most of them will learn all the courtesy you will teach them. Be courteous.

When you get the "go" signal from a traffic officer remember to give the pedestrian time to get out of the way. Be courteous.

When a pedestrian does not or will not pay any attention to your horn it is well to remember that the deaf, hundreds of them, use the streets as well as you. Be courteous.

When you have an insane desire to speed remember the other fellows you are passing have just as much right to break the law as you have. Think of the sentiment you are creating against motoring by your mania. Think of the accidents that may happen by your hitting some other driver coming in from a side street, or pedestrian who does not see you coming. Think of the people

in your own car, perhaps, who have a fear of speeding and are trying to be game and not let you know it. It is not sport to drive fast in the city; it is the utmost discourtesy to your fellow motorists and fellow citizens. Be courteous.

When a pedestrian sees you coming and deliberately pays no attention to you, remember that some are mentally deficient and you cannot tell them from the clothes they wear. Be courteous.

When you see a child on a curb, slow up. Remember the child can start quicker than you can stop. Be courteous.

Do not open your cutout on the street during the day. Remember there are many sick people and people on their death beds, whom such a sound greatly disturbs. Do not open your cutout at night, for you probably remember some night when you were disturbed when trying to sleep by some fool whose greatest claim to fame was his noise. Be courteous.

And remember that your horn is just a few times worse than your cutout. Be courteous.

Be courteous to police officials and they will more than repay it. And if you feel like swearing at the ordinances or if you do not like the traffic arrangements remember that perhaps you may be wrong.

## Works of Art.

There will be an art exhibition held at the Carnegie Library, Saturday, Jan. 8th, throughout the day. The pictures displayed are a loan procured through the Federation of Women's Clubs and can only be had on that day. The Italian, English, Flemish, Dutch, French, German and Spanish schools are represented in this collection. Some of these pictures are rarely seen in Art Stores; others will be recognized as old friends. Artists that we would like to know better, such as Giotto, Giorgione, Bellini, Mantegna, will be shown, together with Van Dyke, Rubens, Titian and others. A large crowd is expected to see these works of art and the members of the Magazine club will be present to welcome visitors. No admission will be charged.

NEXT MEETING ON JANUARY 10

Committee Named to Arrange For a Series of Demonstrations.

The Christian County Poultry Improvement Association met Thursday night at the H. B. M. A. with Vice-President C. H. Tandy, presiding. It was decided to hold regular meetings the second Monday night in each month.

A committee comprised of A. M. Casey, B. D. Hill and Dr. J. P. Keith was appointed to arrange for special meetings in the day time at such intervals as deemed necessary to give demonstrations and hear lectures for the benefit of the farmers.

It was also decided to admit the ladies to membership on the same terms as men. Several have applied for membership and are expected to be on hand at the next meeting.

A round table discussion followed, that was both interesting and instructive.
